The Fulginium Bowl is characterized by being one of the oldest Italian tournaments, the first edition dates back to 2008, it is remembered, known and appreciated for being the "tournament where you eat !!!". In fact, the dinner on Saturday with its over 20 courses (including truffle-based), the "light" lunches on Saturday and Sunday, and the "snacks" on Saturday and Sunday afternoon, in addition to the infinite availability of Maurizio, the manager ...

Starting from the fourteenth edition, the Fulginium Bowl has also taken the definition of "**Memorial Paralla**", in memory of Mario, the "Paralla", an esteemed player, a great supporter of the Fulginium Bowl and always among the first to register for the tournament, of which all remember his sympathy and his "flying" Haflings on the field. **For each player registered in the Fulginium Bowl, 5 euros will be donated from the registration fee to Mario's family to support his wife and his son.**

RULES

The rulebook used is the Ruleset Blood Bowl second season edition 2020 with the following exception:

The only exceptions are: Halfling Master Chef, according to the special rule "Halfling Thimble Cup" for Halfling teams (0-1 cost 100k); Bribes according to the special rule "Bribery and Corruption" (0-3 each 50k) for Goblins and Snotling teams; Riotus Rookies according to the special rule "Low Cost Linemen" for Ogre teams (0-1 cost 100k).
- Magic Healing rule is applied: all the casualties inflicted during a game are regenerated for the next match.
- for Necromantic Horror and Shambling Undead teams once per game, if a player on the opposing team with a Strength characteristic of 4 or less and that does not have the Regeneration or Stunty traits suffers a Casualty result of 15-16, DEAD, and if they cannot be saved by an apothecary, a new rookie Zombie Lineman player can be placed immediately in the Reserves box of this team's dugout. Note that this may cause the team to have more than 16 players for the remainder of this game.
- for Nurgle teams once per game, if an opposition player with a Strength characteristic of 4 or less that does not have the Decay, Regeneration or Stunty traits suffers a Casualty result of 15-16, DEAD as the result of a Block action performed or a Foul action committed by a player with Trait Plague Ridden that belongs to your team, and if that player cannot be saved by an apothecary, you may choose to use this Trait. If you do, that player does not die; they have instead been infected with a virulent plague! a new 'Rotter Lineman' player can be placed immediately in the Reserves box of your team's dugout (this may cause a team to have more than 16 players for the remainder of this game).

HOUSE RULES

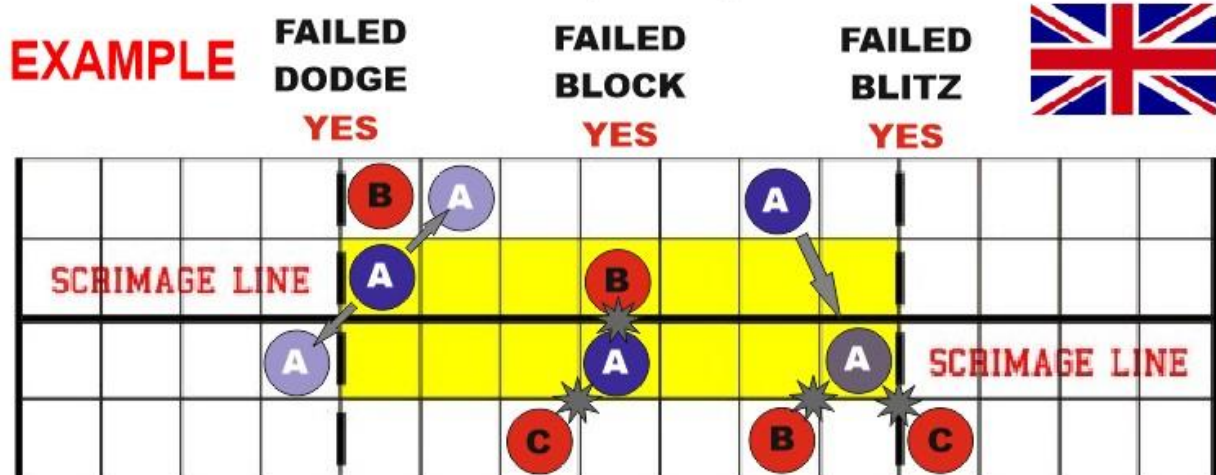

“Reroll dellu Centru dellu Campu”

Because of its central position, in the middle of Umbria region and of Italy, Foligno, is also called “Lu Centru dellu Munnu”, which means the center of the world. No blood bowl pitch can escape from this “rule”, so every team will have a special Team Reroll which can be used (once per half) only to reroll a legal (no armour/injury rolls and so on) event occurred on the 2 central lines of the pitch as shown below. That reroll is called “Reroll dellu Centru dellu Campu” (Reroll of the Center of the Pitch).

CLARIFICATIONS:

RR can only be used by a player who is in one of the yellow area squares. So at the beginning, during or at the end of his action, the player in order to use the RR must be in one of the yellow squares.

TEAM ROSTER

Every coach has 1.100.000 golden pieces to build his team, choosing from the teams of the rulebook of the Blood Bowl starter box Second Season edition 2020, from “Teams of Legend” GW supplement and from “NAF Rules for Tournament from 1st January 2025”. **Are not allowed Star Players.**

decided after that you have seen your opponent.

For the stunty teams only (Halfling, Goblin, Ogre, Snotling): all the primary skills can be changed into secondary skills, if assigned to stunty players.
